PROCEDURES:

- **START PLANNING YOUR FUN!!!** Let your event coordinator know what ideas you are planning for entertainment extras. We can offer suggestions and best items to pair together to make the most of your event.
- **RESERVE THE ENTERTAINMENT:**
 - All entertainment should be finalized 4 weeks prior to your event. You must confirm the entertainment & times listed on the event proposal before we can make any reservations with the vendor(s).
 - Once you confirm, we will contact the vendor(s) and book the entertainment.
 - The Vendors will confirm your reservation with us and we will send you a Vendor.Client Service Confirmation for verification.
- **PAYING FOR ENTERTAINMENT:** The Vendor.Client Service Confirmation is to be used as a type of invoice to pay the vendor(s) directly, by check, on the day of the event. In some cases, payment may be made by credit card, but you must contact the vendor at least 5 days prior to the event to make arrangements. Along with the confirmation, you will also receive a W-9 for each vendor you have secured.

.....

VENDOR POLICIES:

- **RESPONSIBILITY:** Once the reservation is confirmed both parties, Vendor and Client, are responsible for services and payment.
- **SERVICE TIME:** The vendor will arrive at designated time to perform services that has been prearranged with an allotted time schedule.
- **EQUIPMENT ITEMS:** The vendor will bring the necessary equipment/supplies that are included for their services.

COVID 19 UPDATE:

Due to the global pandemic, until further notice the staff at The Event Photo Group are taking additional precautions to keep our staff, venue staff, other vendors and event guests safe. The following steps are being taken in an effort to mitigate the spread of COVID-19:

1) We are limiting our interactive photo op systems to the Signature Green Screen Studio and The Friends & Family systems only. For the time being, we are not offering the Open Air Photo Booth, Green Screen Photo Booth or Green Screen Kiosk due to not being able to disinfect the equipment sufficiently between guests.

2) Before and After each event booking, all equipment will be cleaned and disinfected as able.

3) Until further notice, we will not be offering our Social Photo system (email and social media posting from the event) at events due to not being able to disinfect the ipads and computers between each guest use.

4) Until further notice, we will not be offering the use of our prop boxes at events. We are not able to disinfect hats and feather boas sufficiently. We will offer one time use props packages for purchase that guests will take with them after their photo.

5) Should any staff member have any symptoms or a fever the day of the event, they will be replaced with another staff member or the photo op system will be modified to accommodate a single staff member operating it and the client will receive a 20% discount for the modification.

MOBILE ESCAPE TRAILERS

It is TWO different real-life escape experiences designed for a minimum of 2 players or groups up to 6 per scenario (12 players at once). The benefit of having TWO scenarios in 1 trailer is that when you solve one you can return to try your skill at the other. Your mission is simple: work together as a team, testing your wits and skills, to escape from a locked room (for safety reasons room is never actually locked) within the prescribed time. Scenarios range in length from 5 minutes up to 60 minutes each depending on how difficult you want each challenge to be. While the goal is simple, the game is challenging. Getting through the locked door will require finding clues, solving puzzles, and working together! Perfect for a unique teambuilding experience.
